### 1. Full-time student Program with internship at the local church

- This program offers a rigorous, full-time (30 credits per year), fully accredited online coursework.
- Offers two-year degrees in General Studies (AA) and Ministry Leadership (AML).
- Offers four-year bachelor's degrees as referenced above.
- Internship at New Hope for hands on training (12 hours per week). Internship is equivalent to one course per semester.

### 2. Flex Program

- This program is designed for adult learners desiring to increase their leadership capacity and continue their educational journey.
- Offers fully-accredited online college coursework as well as the same degrees listed above. The amount of time required to obtain degrees will vary based on the workload desired by the student.
- This program offers practical leadership development and mentoring throughout the course.

## WHAT'S THE COST OF THE PROGRAM?

The cost for Northwest University is \$10,040 per year including the program fee. Students have access to federal financial aid and Northwest University services. Students under the age 25 also can request assistance (\$100 per class) from our Northern CA Nevada Assemblies of God district for the twelve classes that are required to get your ministry credentials!
